

IGNITION SYSTEMS WARRANTY

Continental Aerospace Technologies (CONTINENTAL), warrants each ignition system, component or part as follows:

1. For a period of twelve (12) months, or five hundred (500), hours of operation, whichever occurs first, CONTINENTAL warrants each new ignition system, component or part to be free from defects in material or workmanship. The determination whether an ignition system is defective in material or workmanship shall be made by CONTINENTAL, in its sole judgment. This warranty is a limited repair or replacement warranty on an exchange basis, subject to the limitations set forth below.
2. For purposes of this warranty, the ignition system, components, or parts are defined as the magneto, harness, starting vibrator, ignition switch, and their assembly components.
3. The warranty activation date is the date the ignition system, component, or part is first operated for any use, or twenty-four (24) months from CONTINENTAL's invoice date, whichever occurs first.
4. For warranty questions or to submit a warranty claim, contact an Authorized CONTINENTAL Distributor. A list of Authorized CONTINENTAL Distributors is available at www.continental.aero. As part of its warranty claim review, CONTINENTAL may require that the ignition system, component or part be returned to CONTINENTAL for inspection and analysis. All warranty claims must be submitted to CONTINENTAL during the warranty period, and within thirty (30) days of any suspected defect in material and workmanship.
5. CONTINENTAL will pay for labor costs associated with repairs or replacements in accordance with the latest revision of the warranty labor allowance schedule published on CONTINENTAL's website. Reasonable troubleshooting costs will be allowed, but in no event will the troubleshooting costs exceed fifteen percent (15%) of the labor costs associated with repairs or replacements. Troubleshooting costs will not be allowed when the need for repair or replacement is identified in the course of an overhaul, routine maintenance, or on the basis of an obvious defect.
6. CONTINENTAL will not assume any responsibility for transportation costs in connection with the repair or replacement of any ignition system, component, or part under this warranty, unless such transportation has been expressly authorized by CONTINENTAL. When authorized, transportation cost reimbursement will be the actual surface freight cost, or the currently published UPS surface rate schedule, whichever is less.
7. CONTINENTAL reserves the right at its option to replace any defective ignition system, component, or part with either a new or rebuilt ignition system, component, or part.
8. Repair or replacement of any ignition system, component, or part under this warranty will not extend the period of warranty coverage set forth above.
9. This warranty applies only to ignition systems, components, and parts manufactured by CONTINENTAL, and nothing contained herein should be construed as a warranty by CONTINENTAL for any ignition system, component, or part not manufactured or supplied by CONTINENTAL.
10. This warranty applies only to ignition systems, components, or parts which have been installed, inspected and maintained in accordance with the instructions for continued airworthiness, including compliance with all applicable service bulletins, including those issued by the aircraft manufacturer or any accessory or component manufacturer. Performance of

WARRANTY

recommended inspections and maintenance must be documented by appropriate logbook entries and the logbook must accompany any engine being returned for warranty consideration.

11. This warranty does not apply to any ignition system, component, or part manufactured or supplied by CONTINENTAL which (1) has been subject to misuse, neglect, or accident; (2) has been installed, repaired, maintained or altered in any way that in the sole judgment of CONTINENTAL has adversely affected the condition of the engine; (3) has been operated inconsistent with applicable engine and aircraft manufacturer recommendations and limitations, such as, but not limited to engine RPM, temperature, manifold pressure, fuel flow and proper system adjustment; or (4) has been changed from its original certificated configuration.

12. This warranty does not apply to any ignition system, component, or part damaged or worn as a result of corrosion, pre-ignition/detonation, operation with non-calibrated engine gauges, improper fuel system adjustment, non-approved fuel and oil grades or additives, or installation of components, parts, or accessories that alter the engine's original type design.

13. This warranty does not apply to normal maintenance service (such as engine tune-ups, adjustments, or inspections), engine or component overhaul in accordance with the published TBO, or to the replacement of normal service items (such as spark plugs, filters, hoses, and belts etc.).

14. THIS WARRANTY IS A WARRANTY TO REPAIR OR REPLACE AND IS NOT A WARRANTY OF THE CONDITION OR FUTURE PERFORMANCE OF THE PRODUCTS WHICH IT COVERS. THERE ARE NO OTHER WARRANTIES, EXPRESS OR IMPLIED. SPECIFICALLY, BUT WITHOUT LIMITATION, THERE ARE NO IMPLIED WARRANTIES OF MERCHANTABILITY OR FITNESS FOR A PARTICULAR PURPOSE. IN NO EVENT WILL CONTINENTAL BE RESPONSIBLE FOR ANY SPECIAL, INCIDENTAL, OR CONSEQUENTIAL DAMAGES, INCLUDING BUT WITHOUT LIMITATION, DAMAGE TO OTHER PROPERTY INCLUDING THE AIRCRAFT, LOSS OF TRANSPORTATION OR USE OF AIRCRAFT, PERSONAL OR COMMERCIAL LOSSES, LOSS OF REVENUE, LOST PROFITS, LOSS OF TIME, COST OF RENTAL AIRCRAFT, FUEL, TELEPHONE, TRAVEL, MEALS OR LODGING, OR DAMAGE RELATED TO GROUNDING OF AIRCRAFT.

15. This warranty, exclusions, limitations and disclaimers are all governed by the law of the State of Alabama, excluding its conflicts of laws rules.
